Power Summit 2021 Electric Decade

25–28 May 2021
Overview
Day 1–2

Day 1
25 May 2021

09:30  POWER ON

09:30–11:00  OPENING SESSION

11:00–12:45  PLENARY from here to 2030

13:30–14:00  PRESS CONFERENCE

14:00–14:45  EU ETS reform – one step at a time

15:15–16:00  24/7 Carbon-free energy – accelerating grid decarbonisation through corporate energy procurement strategies

15:00–16:00  Private roundtable on new technologies – from good to great through human acceleration

Day 2
26 May 2021

09:30–11:30  PLENARY Grid Infrastructure: A new era of cooperation of system operators and the entire power sector – sponsored by Schneider Electric

12:00–12:30  ANA AQUADO SCHOLARSHIP AWARD CEREMONY

14:00–14:45  Market design for investments

15:15–16:00  Does generation Z need me? adapting to a younger, digital, social customer – sponsored by Oracle

15:00–16:00  eMobility – smart EV charging management platforms and solutions roundtable (invitation only)

#ElectricDecade #PowerSummit
Overview Day 3–4

Day 3
27 May 2021

09:30–11:30 PLENARY Sector integration – common future, shared challenges, new synergies – sponsored by PKEE
14:00–14:45 Flexibility: from theory to action
15:15–16:00 Hydrogen: the matchmaker of the energy system?
16:15–17:15 Private roundtable: hydropower – ambitions versus reality (invitation only)

Day 4
28 May 2021

09:30–11:30 PLENARY Filling the investment gap – Building bridges between power sector, financial players and public investors – sponsored by ESB
12:30–13:30 Private roundtable: Offshore – the new frontier (invitation only)
14:00–14:45 DSOs: strengthening the backbone of the EU power system – sponsored by
15:15–16:00 Ultra-fast charging – how to deploy infrastructure networks across Europe

16:00–16:15 CONCLUDING REMARKS
16:15 POWER OFF

#ElectricDecade #PowerSummit
WHY THE ELECTRIC DECADE?

- The coming 10 years will be dominated by digital & decarbonised electrification with significant challenges & opportunities for the sector.

- The twin challenges of COVID-19 & economic recovery, combined with the biggest threat of humankind – climate change, can be turned into massive opportunities.

- Join for 4 days of industry hard talks, policy debates, provoking roundtables & B2B meetings.

- Connect with +3000 participants & learn from visionary leaders coming together from different TV studios across Europe.
THE POWER SUMMIT AUDIENCE

The Power Summit is Eurelectric’s annual flagship event having earned its prominence & recognition among European energy peers over the last 20 years.

Attendees by position (2019)
- C-suite: 56%
- Senior management: 16%
- Journalist: 10%
- Advisor: 10%
- Other: 7%
- Researcher: 1%

Attendees by affiliation (2019)
- Manufacturer: 5%
- Consultancy: 6%
- Energy service provider: 8%
- Media: 11%
- Association: 23%
- Utility: 37%

Virtual Power Summit objectives (2021)
- Participants: 3000
- Sessions: 12
- Days: 4

POWER SUMMIT 2021 – MEETING THE VIRTUAL CHALLENGE

Other session topics

- EU ETS reform – one step at a time
- 24/7 Carbon-free energy – accelerating grid decarbonisation through corporate energy procurement strategies
- New Technologies: from good to great through human acceleration’
- Market design for investments
- Flexibility – from theory to action
- DSOs–strengthening the backbone of EU power system
- Hydrogen: the matchmaker of the energy system?
- Offshore strategies
- eMobility – smart EV charging management platforms and solutions

Confirmed high-level speakers

Erna Solberg
Prime Minister, Norway

Dan Jørgensen
Minister for Climate, Energy & Utilities, Denmark

Frans Timmermans
Executive Vice-President for the European Green Deal, EC
